*Bob Steiner*

**Mastering Financial Calculations: A step-by-step guide to the mathematics of financial market instruments (2nd Edition)** Bob Steiner

The new rebranded and updated edition of the bestselling hands-on practitioner's guide to the maths behind every key financial instrument and technique.

- Part of the renowned and hugely successful Mastering series.
- This is the definitive guide to exploring today's financial markets in a clear and comprehensive manner.
- Written by Robert Steiner, one of the UK's leading trainers for some of the world's largest financial institutions.
- The book includes essential course material and practice exercises for ACI qualifications
- This book has practicality-not theory-at its heart and is packed with real-world cases, worked examples and calculations.
- AUDIENCE: Practitioners are the primary market: traders, fund managers, corporate treasurers, programmers, accountants, and risk managers. Secondary are market students.
- This book will appeal to a huge audience. 1 in 10 people work in either banking, finance or insurance.
