The Wolf: Show Me Who You Really Are: An Autobiography - My Life Exploring The Limits Of Sexual Dominance The Wolf

Sexual dominance is not a work of fiction, a paperback novel, or 50 shades of anything for me; it's my life. From a very young age, I felt an overwhelming, sometimes crippling urge to dominate girls and women. To take, to own, to push them until they show me who they really are. But that urge was countered by an equally powerful desire to protect and cherish them. This book is a collection of true-life short stories from my early years, grappling with the duality of what I often regarded as my twisted being into adulthood, when I finally learnt to embrace and revel in it. It details some of the amazing sexual encounters I've enjoyed with the spectacular women I've known, and my often conflicted thought processes throughout them.
