Counting Descent Clint Smith

Clint Smith's debut poetry collection, *Counting Descent*, is a coming of age story that seeks to complicate our conception of lineage and tradition. Smith explores the cognitive dissonance that results from belonging to a community that unapologetically celebrates black humanity while living in a world that often renders blackness a caricature of fear. His poems move fluidly across personal and political histories, all the while reflecting on the social construction of our lived experiences. Smith brings the reader on a powerful journey forcing us to reflect on all that we learn growing up, and all that we seek to unlearn moving forward.
