GMOs 101: Are your favorite foods genetically modified? Time Inc.

Americans in two states have voted on ballot initiatives that would have required the labeling of any foods made with genetically modified ingredients (GMOs, for short). And twice, voters rejected those initiatives in close ballots—thanks in part to tens of millions of dollars spent by GMO crop developers like Monsanto and industry groups like the Grocery Manufacturers Association (GMA). So what is the big deal about GMOs? Should you care if your favorite foods are genetically modified?

This E-Book is part of the Top Stories Collection from Time Inc.
