The original biodynamic sowing and planting calendar, now in its 50th year. This useful guide shows the optimum days for sowing, pruning and harvesting various plants and crops, as well as working with bees. It includes Maria Thun's unique insights which go above and beyond the standard information presented in some other lunar calendars. It is presented in colour with clear symbols and explanations. The calendar includes a pullout wallchart which can be pinned up in a barn, shed or greenhouse as a handy quick reference.
