## **WHATEVER HAPPENED TO THE REAL GOLDEN POWDER?** Skip Kurtz

A highly abridged historical chronology of events that led to the creation of propellant products called "GOLDEN POWDER", "BLACK MAG POWDER", "LEGEND POWDER", "BLACK CANYON POWDER", "CLEAN SHOT POWDER", "CLEAR SHOT POWDER", "AMERICAN PIONEER POWDER", "JIM SHOCKEY'S GOLD", "PINNACLE POWDER", AND "RENEGADE GUNPOWDER". Life-long shooter and gun collector, Skip Kurtz, blundered into the accidental discovery of a never before seen propellant, an energetic material that sent shock waves throughout the world and the shooting industry in the mid 1980's. This is the true story of the REAL "Golden Powder" and the trials and tribulations that followed its creation, told in the words of the inventor, so named on several patents in 40 + friendly nations. When made and packaged properly, "Golden Powder" was a great product that was never sold on any commercial market. The formulas, obtained by ill gotten means and for which no royalties have ever been paid to the inventor, were debased repeatedly and are still being peddled to unknowing shooters in one form or another under one label or another by those who could never make what they stole perform on a par with the inventor's original products of loose powder, molded, or solid charge forms. Hardly a case of an inventor's sour grapes, this is how and where it factually happened.
