A beautiful eighteen year old Caucasian woman is ready for college but wants to go out on a few dates first. She tries a dating site and comes across a really handsome, buff, older African American hunk who thinks the world of her.

After dating, they find they can't resist each other. She is ready to let him take her virginity, only he doesn't have a condom with him. She is incredibly aroused and just can't say no.

Later on, her strict, prejudice father is getting suspicious, and she is worried her period might be late. She knows nothing about her mysterious black lover, as she begins to catch him in a series of lies. She is shocked, however, that she seems to be falling in love with him. What will the end result be?
