Have you ever had a hunch or intuition about something that you later wished you had listened and obeyed? Premonitions come to us as thoughts. But they are thoughts of a different kind. They are not the product of a mental exercise. They are usually the product of the inner being, the soul. More often than not, our inner premonitions about something or someone will be right. They are often the voice of wisdom seeking to guide our path through life. But the problem is that we have not always learned to recognize this voice and respond accordingly. In this book, Dr. Umesiri shows you exactly how to recognize your deepest premonitions, and how to obey instinctively.
