Given up for adoption by his mother at only a few weeks old, Robert Black is placed with physically abusive foster parents setting the tone for who, and what, he'd become - a pedophile and serial killer. Starting at the age of five, he recalls being sexually curious and began placing items in his anus at the age of eight. He'd sexually assault hundreds of little girls before committing his first murder. Sadly, as law enforcement stumbled along with no leads or evidence, Robert Black would strike repeatedly destroying families and preying on innocent little girls in the United Kingdom.
