Winning your case in court is only half the battle. It's a fact that some people hide their assets to avoid paying debts and judgments. This truly unique book will show you how to find and reach that hidden money.

Author David J. Cook is a veteran collections attorney who has been chasing down debtors for over 39 years. This colorfully written book will teach you the basics of civil remedies, real estate, finance, and sleuthing. The author outlines for you the power of the bluff and the outer parameters of threat, when a threat becomes extortion, and when you need to walk away from a situation.

This book is about collecting debts, finding assets, enforcing judgments against difficult people, or, should you be so inclined, beating out your creditors.
