SOULMATES? A MYSTICAL HOURGLASS? A TIMELESS LOVE?

Beth Parker is deeply in crush with Michael Bellamy. It began with a shared look and a smile many years before, and he's been haunting her ever since.

She has become a successful erotic romance novelist under an assumed name, and Michael a documentary filmmaker. Both living and working the City of Angels, they often bump into each other, and each time he makes her heart race, and her stomach come alive with a strange churning.

What is the mysterious hold he has on her? Why does he frequent her fantasies, and oftentimes, inspire the romances that come alive in her novels?

None of it makes any sense, especially since Beth harbors dark desires most men find threatening. Why does she think Michael Bellamy might be different? Is there a cosmic connection waiting to be uncovered, and if so, can the answers be found in a mysterious hourglass?
