## Aphrodite's Passion Julie Kenner

Aphrodite's Girdle is missing, and the magical artifact will take all of Hale's superpowers to retrieve. The woman who found the belt—one Tracy Tannin—wasn't exactly Ms. Popular before donning it. Now everyone wants her, including some very nasty bad guys.

But the golden girdle can only be recovered through honest means, so becoming invisible and snatching it simply won't work. Plus, Hale's job is to protect mortals. No, there's little chance of evading interaction and every chance of falling in love. Every hero has a different quest, and the more time Hale spends protecting her, the clearer it becomes that Tracy's a goddess worth devotion, no matter what she's wearing.
