Conversations With Myself Written In Pain

Conversations With Myself by WrittenInPain is a Journey through the perspective of not only the author, but a testimony of the very experience we all share; life. The author seems to have an in-depth understanding of not only his feelings but his perception on love, life and pain. The five chapters given which the book are portioned, each stand alone yet still seem to intermingle . This book has everything a fan of written words could ever desire; heartache, love , love lost and even some rather interesting short stories today to say the least. Conversations with Myself will not leave your mind after the last page is done.
