This book discusses the historical development of Korean Confucianism in terms of its social functions. It also examines the types of transfiguration Confucianism underwent and the role it played in each period of Korean history. The Land of Scholars spans from the Three Kingdoms period in 18 BC to the Joseon dynasty in 1910. The book not only gives a comprehensive and in-depth survey of the history of Korean Confucian thought but also touches on the transmission of Buddhism, Confucianism, and Christianity in Korea. Kang Jae-eun approaches the significance of Confucianism from the perspective of its cultural and social context.
