Tide Tables Central and Western Pacific Ocean and Indian Ocean (Tide Tables: Central & Western Pacific Ocean & Indian Ocean) International Marine

International Marine produces the classic, official NOAA tide tables that mariners have been trusting since 1853. Must-have navigational tools, these tables are exact replicas of the official government publications, which are no longer available from the government.

The 2001 tables provide the most comprehensive and accurate tidal predictions available. Times and depths of low water and high water are given for thousands of places in North America, South America, Greenland, Hawaii, the Central Pacific Ocean, the Indian Ocean, the West Coast of Europe and Africa, and the Mediterranean Sea. Every detail of the classic government tables is here. These tables have been approved by the U.S. Coast Guard for use aboard commercial vessels.
