Excellent revision aid, suited to R.C.R. exam format One of six radiology FRCR question banks Companion for self-assessment, useful for senior radiologists who wish to update their knowledge Ideal combination of information and revision resource. Multiple Choice Questions are the most common method of assessing knowledge in radiology. This book has more than 1000 questions, covering all the essential topics in Pediatric Radiology. The questions have been divided into separate topics, which will enable revising the subjects on a topic basis, with due emphasis on anatomy, techniques and pathology. The questions have been designed on the format used by the Royal College of Radiologists UK, Ireland, Hong Kong, Australia and New Zealand. There is a single question with five stems, which require a true or false response. The answers and detailed explanations are provided at the end of each chapter. This book will be a valuable resource for review and practice prior to the Fellowship exams. Bibliographies have been provided for further reading. Foreword: Biswaranjan Banerjee –Consultant Radiologist, Tameside General Hospital, Manchester, UK
