A Gift for Gomorrah (Volume 1) Salem Black

The cradle of civilization burns.

In the north, mighty Assyria continues to stretch its shadow on an inexorable path of conquest. To the east, Babylon is slowly dying beneath the weight of a cursed and fading regime. To the south, Admah, Gomorrah, Sodom, Zeboim and Zoar--the Cities of the Plain--thrive and contest control over the lush and verdant land near the Dead Sea. The sands in between are ruled by merciless tribes, nomads, and mysterious beings of supernatural powers.

It is a world of myth and wonder. A world driven by violence and force, divided by many tongues, yet united in the clash of blades.

For Thia, it is a hellish existence of survival. Ripped from the mountains of her native Scythia, she is brought in chains to the merchant city of Dur Sharrukum. Sold as a novelty for her pale skin and light hair, she must endure helpless degradation and abuse at the hands of barbaric strangers. Her gods are far away, eclipsed beneath the powerful deities of the desert. Her only hope is to last long enough for a better fate, before she becomes shattered by the harsh bondage of forced slavery.

For Beli-Asharad, it is an opportunity. The young Mirage Prince of Gomorrah, he ventures forth per the King's Golden Mandate, to journey the world and return with wild tales, wealth and knowledge to feed the ever-hungry desires of his people for amusement. If he succeeds, he will be rewarded a life of lavish excess and depravity, in full celebration of worldly pleasures. If he fails, he will be exiled. Young and brash, he dares the northern reaches of the borderlands, willing to drive his spear into Assyria itself for the most valuable objects of all: those purchased in blood.

For Dune, it is a way of life. Long have the mercenary nomads of Aram achieved immortality by glory in battle. They serve no cause but their own, listless and fickle as the wind. With his father now dead by his hand, Dune wields the enchanted blade, Ocean, determined to carve his place in history. In admiration of the Mirage Prince's ambitions, and with those of his own, he joins in the sojourn north towards destiny.

The paths of these three characters collide on a moonlit night. One that will begin a journey of bloodshed, betrayal and lust, leaving them forever changed.

This is the first episode in an erotic fiction series bringing to life an ancient world ruled by a thousand gods. A world of short lives embraced fiercely, and where torrid romance reveals the Final Truth: love conquers all.

(Warning: adult readers only. Contains explicit sexuality and non-consensual slavery)
