"Digital Nude Photography" considers the advantages that digital photography and image-editing software have brought to photographing the nude. Filled with stunning images of nudes photographed by a pro, this true art book reveals detailed explanation on how to take and improve photos. Focusing on the subject from image capture to image output, this guide provides step-by-step instructions for reproducing the beauty of the human form. Using full-color in an effective portrait layout, this book is aimed at those new to photography who have been enticed by the falling prices of basic, but efficient, digital cameras.
