Serious Games: Games That Educate, Train, and Inform David Michael, Sande Chen

"Serious Games: Games that Educate, Train, and Inform" will help game developers learn how to take what they've learned in making games for fun and apply it to making "serious games": games for education, training, healing, and more. It will provide an overview of all of the major markets for serious games. This overview will include examples of what has been done with video games in these markets, and what is anticipated in the future, including market scope, goals of each emerging market, game types offering greatest potential, the shortest route to market by category, development budgets by category, and barriers for developers to consider.

From reader reviews:

Gary Cornejo:

What do you concentrate on book? It is just for students as they are still students or the idea for all people in the world, what best subject for that? Merely you can be answered for that problem above. Every person has several personality and hobby for every other. Don't to be pressured someone or something that they don't would like do that. You must know how great and also important the book Serious Games: Games That Educate, Train, and Inform. All type of book are you able to see on many methods. You can look for the internet methods or other social media.

Benjamin King:

Would you one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Aim to pick one book that you never know the inside because don't determine book by its protect may doesn't work is difficult job because you are afraid that the inside maybe not as fantastic as in the outside search likes. Maybe you answer might be Serious Games: Games That Educate, Train, and Inform why because the fantastic cover that make you consider in regards to the content will not disappoint a person. The inside or content is actually fantastic as the outside as well as cover. Your reading 6th sense will directly assist you to pick up this book.

Antonia Parham:

Is it you actually who having spare time and then spend it whole day through watching television programs or just resting on the bed? Do you need something new? This Serious Games: Games That Educate, Train, and Inform can be the answer, oh how comes? It's a book you know. You are therefore out of date, spending your spare time by reading in this brand new era is common not a geek activity. So what these books have than the others?

Kelley Hardy:

With this era which is the greater individual or who has ability to do something more are more important than other. Do you want to become certainly one of it? It is just simple approach to have that. What you must do is just spending your time not much but quite enough to enjoy a look at some books.
