## Getting Started In Stock Trading Allan Kerr

The purpose of this eBook is to ensure that you understand the nature of trading and the key factors in successful stock trading.

This book contains useful information for novice traders and includes many things you need to know before you start out. It also provides some information on “The Advanced Stock Trading System” available from [www.tradersebooks.com](http://www.tradersebooks.com).

At Traders eBooks we have spent many years developing trading systems for both futures and stock and shares. For stocks we have applied technical analysis to groups of stocks and made use of information beyond just price for example comparison with bond prices.

“The Advanced Stock Trading System” is an eBook containing all the information you need to operate your own medium term stock trading. This system has achieved very good returns on groups of stocks such as the ASX200, the Nasdaq 100 or the S&P 500.
