## **Streaming Dawn: A Story of the Fated Blades** Steve Bein

The riveting story of a legendary magic sword, two rivals for a seat in a warlord's court, and a ninja who must use her own magic blade to complete her mission and keep herself alive. Brimming with rich historical details, Streaming Dawn places the reader deep into ancient Japan, when warriors fought with deadly sharp weapons - and even sharper wits - in their quests for power.

Lord Itsumi Akiyama is in trouble. He was a conspirator in the murder of Oda Nobunaga, Japan's most powerful warlord in 1582. Worse, he is responsible for the death of a disciple of the Wind, Japan's deadliest ninja clan. Enter Kaida, the Wind's most dangerous agent. She seeks to avenge her fallen protégé, but there is a complication: once she kills Akiyama, the Wind must figure out how to replace him. He occupies a key position in the inner circle of Oda's successor, Hashiba Hideyoshi, who is set to conquer all of Japan. The Wind wants a puppet next to Hideyoshi, and Kaida is tasked with putting that puppet in place.

Kaida resents her assignment. The chosen puppet is Itsumi Kyusaku, brother and successor to Akiyama. Kyusaku took part in the murder of Kaida's protégé, and so Kaida wants him dead. But his only rival for the position in Hideyoshi's council is Okuma Tetsur?, a samurai with a bounty on his head—a bounty placed by the Wind. Kaida respects Okuma and has no desire to kill him. Moreover, she's not even sure she can. His sword, Glorious Victory Unsought, is a legendary Inazuma blade. With it, Okuma is undefeatable.

But Kaida has a blade of her own. Streaming Dawn can fend off death itself, though at a bitter cost. It might even defend her from Glorious Victory Unsought, if she and Okuma should cross swords. So armed, she takes on the most difficult mission of her career. She cannot allow Kyusaku to come to power, but if she allows Okuma to rise in his stead, it will be Kaida's head on the chopping block.

Since she cannot choose Kyusaku and she cannot choose Okuma, Kaida has no choice but to do what she does best: achieve the impossible, proving herself once again to be the Wind's canniest, deadliest ninja.

This companion novella to the Fated Blades series finds beloved characters from those novels in a new and dangerous adventure set in medieval Japan. Bein's talent for combining rich historic detail with powerful action and magic is yet again on display in this intriguing historical fantasy read. Fans of the Fated Blades series will enjoy revisiting their favorite characters, and for those new to the series, it's the perfect place to dive into centuries of intrigue, magic, honor, and swordplay.
