## **Castro's Revolution, Myth and Reality: Volume I (Volume 1)** Juan M. Clark

Professor Juan M. Clark, PhD. spent over 40 years of his life studying the Cuban Revolution and the effects it had not only in Cuba but around the world. He also conducted numerous interviews with persons who knew Fidel Castro in a personal way, his former schoolmates, guerrilla companions, even his favorite teacher. The product of all his investigations is this book, probably the most complete ever written on the man and his revolution. Cubans say that nobody will understand what living in Cuba today entails unless “you experience it”. This book will give you, the reader, a clearer idea of what living in Cuba was during the first year of Castro’s revolution and then through the 1960s, 70s, 80s, 90s and the beginning of the XXI century. It will also give you a rare insight into Fidel Castro’s personality and behavior. This book is an eye opener that will let you know who the real Fidel Castro is.
