This volume functions as two books in one. An "astrologer's reference" it delineates Neptune's conjunctions with planets from the birth chart. Additionally since the astrologer is trained to step outside the temporal context to understand the magnitude of stories inlaid into the rhythm structures of time its perspective is valuable as mankind faces a chaotic transition. The ancient Greeks personified the planetary personae through myth. Neptune, the deceiver, presides over the final phase of the Piscean Age as deception, delusion, and duplicity threaten the great verities. How did we get here? Mankind evidences remarkable technological expertise, but have matters improved for the vast majority? Illusions born of past traditions hold minds hostage, and pit tribe against tribe on the basis of divisive belief systems. Pisces is the zodiac position where the circle meets itself and differences dissolve. Symbolized by two fish, it suggests twin perceptual portals analogous to both brain hemispheres. Two complementary "oars" are required to navigate our shared vessel progressively; otherwise we circle endlessly and history repeats. Right brain sentience invokes what is missing: the sense of inherent unity among all living beings. Mankind can no longer afford the asymmetric worldview that undermines the great balance we must now endeavor to restore.
