## **A Eucharistic Ontology: Maximus the Confessor's Eschatological Ontology of Being as Dialogical Reciprocity** Nikolaos Loudovikos

"In this remarkable book, Fr. Nikolaos Loudovikos brings his profound knowledge of the greatest of Byzantine theologians, St. Maximus the Confessor, into dialogue with the recent currents of philosophy and theology in the West. This in itself is rare enough, but his central claim - that who we really are is disclosed in our final destiny in God - is one that he shows is rooted in our participation in the Eucharist. This is an intellectually demanding work, but in it Fr. Loudovikos never loses sight of the fact that what he has to say bears directly on how we understand what it is to live as a Christian in the twenty-first century." -Andrew Louth, Durham University
