Shadow Puppets Orson Scott Card

Best selling SF author Orson Scott Card brings to life a new chapter in the saga of Ender's Earth.

Earth and its society have been changed irrevocably in the aftermath of Ender Wiggin's victory over the Formics. The unity forced upon the warring nations by an alien enemy has shattered. Nations are rising again, seeking territory and influence, and most of all, seeking to control the skills and loyalty of the children from the Battle School.

But one person has a better idea. Peter Wiggin, Ender's older, more ruthless brother, sees that any hope for the future of Earth lies in restoring a sense of unity and purpose. And he has an irresistible call on the loyalty of Earth's young warriors. With Bean at his side, he will reshape our future.

Here is the continuing saga of Bean and Petra, and the rest of Ender's Dragon Army, as they take their places in the new government of Earth.
