Implementing SAP Enhancement Packages Martina Kaplan, Christian Oehler

SAP enhancement packages (EHP) are a new method to import updates to your running systems and provide them to your users. This book describes the handling of the new enhancement options and provides numerous step-by-step instructions on how you can successfully install SAP enhancement packages and activate them via the Switch Framework. You get to know the technical details of the architecture and learn how you should approach an EHP project from planning up to activation, how to handle the corresponding tools, and which benefits the EHP strategy provides. Practical solutions, note boxes, checklists, as well as tips and tricks from the authors make this book a useful companion that you can consult time and again.
