Case Analyses for Intellectual Property Law and New Media (Digital Formations) Steven L. Baron, Edward Lee Lamoureux, Claire Stewart

This text is a companion to the 2nd edition of Intellectual Property Law And New Media: Free for a Fee.

Moving the coverage of case analysis to this separate volume, enables the authors to focus their attention on important trial and legal procedures that apply extant law to, largely, new circumstances.

Readers can focus on history and concepts while reading the main text, allowing them to bring understandings derived there to bear on the cases found in this analytic text. The approach offers relief from information overload and allows time and space to «shift gears» between concepts and cases. To aid understanding and learning, the authors provide focused interpretations and analysis throughout.

The coverage allows these books to serve as an excellent resource for undergraduates studying interactive media, as well as being a primer for first year IP law students, a handbook for entrepreneurs, a guidebook for general lawyers to assist in referrals, and an interesting read for those simply curious about the field.

The books are supplemented by freeforafee.com, a blog providing textual updates, online links to bibliographic materials, and extensive resource aggregation. Learning objectives for each chapter and a glossary of key terms is provided within the texts.
