## THE CHOPPER IS COMING...

In a city full of murderers, only one name inspires terror:

**Machine.**

At seventeen Machine is already a veteran of the Crusades and mob wars that followed the economic meltdown of 2030. Born into a dynasty of mob choppers, he has been trained from birth by his father, Moses Slaski, to carry on the family business, but Machine has other plans.

Machine dreams of escaping the violence that rules this city of gangsters, assassins and crooked cops, but that will never happen as long as Moses is alive...

And that's just fine with Machine.

Machine has begun planning his father's assassination when a mysterious hitman known only as the 'Ghost' beats him to it. Unfortunately, the Ghost kills Machine's mother as well...

Unfortunate for the Ghost.

Machine is still determined to leave this life behind, but he has work to do first...

One more man to kill.

But it won't be that easy.

Machine and Moses had been the most feared team of choppers on the streets of Low Town, but now Machine is alone and the jackals smell blood...

As Machine pursues the Ghost he is forced to kill again and again, leaving a trail of corpses through the bleak streets of the dying old city. A trail that will lead to a final reckoning where all accounts are paid in blood...and no one gets out alive.
