A philosophical self-help guide for surviving college – This text takes a realistic approach to undergraduate and graduate studies. This method of manipulating your perspective on education, while transitioning into college life, is designed for freshman students and created by a seasoned college veteran. This text is relevant for students just out of high school, as well as adults (with kids and a job) looking for alternative career training options. The author brings 8 years of college experience in both traditional and non-traditional university settings to help you navigate the college experience, while mapping out your future.... from undergraduate to graduate studies...and beyond.
