## Aliens 30th Anniversary: The Original Comics Series Mark Verheiden

In 1986, James Cameron's *Aliens* brought to theaters the horrors of a new kind of war against a terrifying enemy. Two years later, Dark Horse Comics released a direct follow-up to the events in the film. Years before any talk of a film sequel, the comics series took fandom by storm, selling hundreds of thousands of copies.

Though the story was subsequently rendered noncanonical by the film *Alien 3*, the stunningly detailed art by Mark A. Nelson and the seminal script by Mark Verheiden (who went on to write *The Mask*, *Timecop*, *Battlestar Galactica*, *Daredevil*, and many other films and television shows) continued to grip readers' imaginations for years afterward. For the thirtieth anniversary of *Aliens*, Dark Horse is releasing an oversized hardcover edition of the unabridged and unadulterated series, in its original stark black and white!
