Real, Practical Dating Advice for Women

Are you the pursuer or do you let men pursue YOU? The answer is the difference between you becoming a side toy for a man to play around with or a girlfriend with a title and eventually a woman who any man would be eager to call his wife.

Many of us modern 21st century women have been taught that in order to get a guy we have to go out there and snag him, trick him, tag him and drag him home. But that doesn't work - at least not in the long run.

Men are natural-born hunters. It's in their DNA. They won't always admit it, but they absolutely LOVE the chase.

They want a woman who has the traits described in this audiobook. They want to be given the opportunity to earn a woman's love.

This simple, easy-to-follow audiobook explains how you can shake off meaningless flings with men and start to attract men who are serious about you.

You ARE deserving of real, respectful love in your relationships. Don't allow anyone to convince you otherwise!
